

Awakening to Your Soul

Return of the Mother Principle

Egypt –October 23rd to November 3rd

Embark on a sacred journey through the heart of ancient Egypt, where the wisdom of the past meets the awakening of your soul. Hosted by **Awakening Ra** and **Lilah Wolpert**, Healer, Spiritual Guide, and Founder of the *School of Spiritual Alchemy*, this retreat invites you to walk in the footsteps of the ancients and sail upon the sacred Nile, guided by spirit and history alike. Accompanied by a knowledgeable Egyptologist, you'll gain both historical and spiritual insights into the powerful sites we visit. More than just a trip, this is an opportunity for deep soul connection—where unseen guides reveal themselves uniquely to you, and Lilah holds space as a healer, creating a sacred container for your intuitive expansion and transformation.

The Return of "The Mother Principle" invites you to reconnect with the source of all life: The Creator, All That Is, The Great Mystery.

This Connection helps you open to the higher wisdom that your soul can deliver. As we step into the new age of Aquarius, you are being asked to work from a place of your heart and soul. As a healer and spiritual teacher, director and founder of the School of Spiritual Alchemy, Lilah will create a space for you to experience the light codes, sacred geometric symbols, and receive any information that assists in your awakening and activation, initiating contact with your galactic heritage and the realm of your soul. This activation will bring you back to life, allowing you to become a vessel of life and a force of love from the Great Mother Goddess. Choosing life means cooperating with the Universe, allowing yourself to be moved and animated by the Light of All That Is – The Mother.

About Lilah Wolpert – School of Spiritual Alchemy

Lilah is a healer and spiritual teacher who currently lives in Cape Town, South Africa. As the Director and Founder of the School of Spiritual Alchemy, Lilah shares information and teachings about our cosmic heritage and how we are at a critical time in the history of humanity where we begin a new cycle of understanding and hold an opportunity for deeper soul embodiment. Lilah offers channelled guidance, wisdom, and insights gained from her experience as a healer, channel, and cosmic guide. Through her work with the Kabbalah (to which she was called in a dream), the Kemetic principles from Ancient Egypt offered to her through meditative transmissions, and the constant connection with the Spirit of South Africa's indigenous people, the San Bushmen, she is supported by multiple beings of Light and Wisdom.

You can visit her website at [School of Spiritual Alchemy](#)

Below is a transmission from the Mother Goddess shared with Lilah during a meditation:

“I am one of many names and yet no name. I birth life in many forms and I hold the hope for its highest expression as a force of love, light, and peace, in service to all.”
